5090 Ser 18/13122 18 Dec 1992

Mr. Keith Takata
Deputy Director
Superfund Program
Hazardous Waste Management Division
United States Environmental Protection Agency
Region IX
75 Hawthorne Street
San Francisco, CA 94105-3901

Dear Mr. Takata:

On October 2, 1992, the Navy provided the revised Interim Action Schedules for Operable Units (OUs) III and IV at Hunters Point Annex along with the proposed schedules for OUs I and II, and Groups V and VI sites to the Environmental Protection Agency (EPA), the Department of Toxic Substances Control and the Regional Water Quality Control Board. Based on subsequent meetings between the parties, the Navy forwarded to the regulatory agencies the revised schedules for OU II and Group V sites on October 16, 1992. The Navy and the regulatory agencies have agreed that no interim action for the Group VI sites will be taken at this time.

We are providing you a revised schedule for OU I based on discussions between the Navy and the regulatory agencies. It is our understanding that the negotiation of the OU schedules is now complete. We are confident that we can complete negotiation of the remaining Hunters Point RI/FS Schedules (parcels) very soon and look forward to our continuing partnership in the expeditious cleanup of Hunters Point.

Original signed by: CERALD KATZ Director, Office of Environmental Management
